

MENTORS IN RESIDENCE

MEET THE MENTORS!

What should I ask?

- Best advice for a student who wants to go into aerospace engineering?
- What skills will make me the most marketable for an internship/co-op?
- What's the most challenging aspect of working in aerospace engineering?
- Will you tell me about your career journey?
- What can I do with a degree in Aerospace Engineering?

Looking for career advice, industry insights or wanting to build your network?

About the Program:

The Mentors-In-Residence Program is an exclusive opportunity for AE undergraduate and graduate students to meet with mentors. Students can meet with more than one mentor over the course of a semester.

Meetings are 30 minutes and will take place virtually via BlueJeans.
